Small Off Road Engine Evaporative Emission System Components

Component Executive Order Q-08-002
Flambeau Inc. – Fuel Tank

WHEREAS, Pursuant to California Health and Safety Code, sections 39600, 39601 and 43013, the California Air Resources Board (ARB) has established a certification process for evaporative emission system components designed to control gasoline emissions from small off-road engines, as described in title 13, California Code of Regulations, (13 CCR), section 2767.1;

WHEREAS, Pursuant to California Health and Safety Code, section 43013, ARB has established criteria and test procedures for determining the compliance of evaporative emission system components with the design requirements in 13 CCR, section 2754;

WHEREAS, Pursuant to 13 CCR, section 2767.1, ARB Executive Officer may issue an Executive Order if he determines that the small off-road engine evaporative emission system component conforms to the applicable performance requirements set forth in 13 CCR, section 2754; and

WHEREAS, Pursuant to Health and Safety Code, sections 39515 and 39516, ARB Executive Officer issued Executive Order G-05-008 delegating to the Chief of ARB Monitoring and Laboratory Division (MLD) the authority to certify small off-road engine evaporative system components.

NOW, THEREFORE, I, William V. Loscutt, Chief of MLD, find that the Flambeau Flam 5 fuel tank conforms with the permeation performance requirements set forth in 13 CCR, section 2754, when tested at a constant temperature of 40 °C pursuant to Alternative TP-901 – Alternative Procedure for Non-Pressurized Fuel Tanks using an approved test fuel of California Phase II Certification Fuel.

IT IS ORDERED AND RESOLVED that all Flambeau Inc. Flam 5 model number fuel tanks with volume/internal surface area ratios equal to or greater than the ratio listed in Table 1 are certified for use in small off-road equipment.

Table 1
Specification for Flambeau Inc. Flam 5 Fuel Tank

Minimum Volume/Internal Surface Area (l/m ²)
18.273

IT IS FURTHER ORDERED that Flambeau Inc. shall provide a warranty to equipment manufacturers purchasing the Flambeau Inc. Flam 5 fuel tanks. The warranty must conform to the requirements of 13 CCR, section 2760.

IT IS FURTHER ORDERED that the certified Flambeau Inc. Flam 5 fuel tank shall be installed in accordance with the manufacturer's installation and use instructions. A copy of this Executive Order, fuel tank installation and use instructions, shall be provided to manufacturers purchasing the Flambeau Inc. Flam 5 fuel tanks for installation on small off-road engines and equipment introduced into commerce in California.

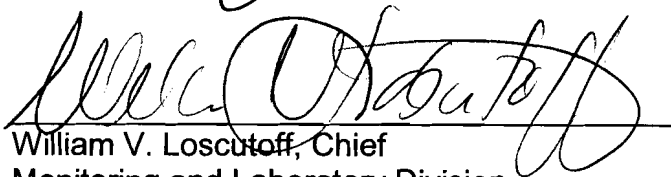

IT IS FURTHER ORDERED that fuel tanks listed in Table 1, shall be clearly identified by a permanent identification that allows ARB to identify manufacturer's name, executive order number, and model number.

IT IS FURTHER ORDERED that any alteration to the certified fuel tank family hereby is prohibited. Any alteration or modification of the designs approved by this Executive Order will require the manufacturer to apply for a new Executive Order.

IT IS FURTHER ORDERED that the Flambeau Inc. Flam 5 fuel tank shall be compatible with fuels in common use in California at the time of certification and any modifications to comply with future California fuel requirements shall be approved in writing by the Executive Officer or Executive Officer's delegate.

IT IS FURTHER ORDERED that the component certification of the Flambeau Inc. Flam 5 fuel tank can be referenced in certification applications for small off-road engines and equipment that use small off-road engines unless the Executive Officer finds that the Flambeau Flam 5 fuel tank no longer meets the performance requirements set forth in 13 CCR, section 2754, when tested pursuant to 13 CCR, section 2765.

Executed at Sacramento, California, this 30th day of January 2008.

William V. Loscutt, Chief
Monitoring and Laboratory Division
